

30 June 2021

Certified Carbon Hero

This CO2 compensation certificate guarantees the permanent and irrevocable decommissioning of

530 tonnes

of CO2 equivalent on behalf of

Q-Energy

Thank you for your contribution to the fight against climate change!

From the public registers of the **VCS and Gold Standard** on the retirement of emission certificates from the following climate portfolio:

Solar Power for Education and Jobs, Kenya

REDD+ Andean Amazon project, Peru

Q-Energy supports these projects in order to make a positive contribution to the environment and compensate its CO2 emissions of 2020.
